The next meeting is:
Monday, August, 21st

Board Meeting @ 6:00 pm

General Meeting 7:00 pm

You aint stickin me in no SFK for a maiden flight, no way. There's no place to sit except in the bomb drop module. All you get to see of me is what Barn Cat sees when I zip over the fence.
See ya all.....Sq Earl

Well we are now in the middle of our best flying time of the year. I hope those that have been able to make it out flying during the heat have stayed hydrated. Last weekend I attended the IMAC Pacific Coast Freestyle championship at Grant Sharps field in Mollala. It is a great event to show people that are not into our hobby just how entertaining and amazing r/c aerobatics can be. If you get a chance to make it next year you will not be disappointed. Here are a few links about IMAC and 3D flying in general. Thanks to Ron Good for most of these links.

The Down on the Deck Website, It caters to giant scale aerobatics and 3D in general.

The Flying Cirkus Website is strictly 3D and just having plain fun.

The Flying Giants. It probably has the most membership of the three websites. The kit review forums are awesome!! Lots of building info and such!!

Some other events of note.

For those that are into building we have the Scale Masters Qualifier at Grant Sharp's field this weekend, August 3-6. For more details checkout;
